Course Objectives

- Understand theory, equipment, safety, and good work practices
- Develop a working knowledge of the types of cylinders and fuel system components used in CNG vehicle systems
- Visually inspect CNG cylinders and fuel system components for damage and deterioration
- Describe construction techniques and material types used in CNG cylinder manufacturing
- Vent and store CNG cylinders safely
- Recognize various failure models
- Safely and confidently handle CNG cylinders and fuel lines related to the system
- Perform required reporting procedures
- Become a certified CNG Fuel System Inspector by passing the CSA exam

COMPRESSED NATURAL GAS FUEL SYSTEM INSPECTOR TRAINING

Instructor:

Nick Wagoner owned a vehicle upfit company specializing in CNG and LPG vehicle conversions, training and inspections. Now retired, Wagoner travels nationally and internationally providing specialized training for equipment manufacturers and technology organizations. He was an alternative fuels consultant and Automotive Technology instructor at Central Community College in Columbus, Neb., for 25 years and is a nationally recognized alternative fuels trainer by the NAFTC and the Environmental Protection Agency.

Wagoner has served as President of the Board of Directors and Curriculum Chairman for the NAFTC and also helped write the ASE F-1 test for natural gas. Wagoner's credentials include certifications as an ASE Master Mechanic, ASE Alternative Fuels and CSA Certified Cylinder Inspector. He has been a natural gas trainer and consultant for 35 years. Wagoner has provided trainings extensively throughout the United States and India at the request of the U.S. Department of Energy and the NAFTC.

Continuing Education Units and Certifications:

CNG FUEL SYSTEM INSPECTOR TRAINING - This course along with study will provide technicians with the knowledge needed to take and pass the **CSA Group Certified Fuel Inspector** exam (CSA is a recognized certification and standards organization). For more information on certification, visit www.csa-america.org.
